

ANTI-DRUG ABUSE ENFORCEMENT PROGRAM

Component: 50.30.560, 40.30.560

PROGRAM OVERVIEW

The Anti-Drug Abuse Program supports Multi-Jurisdictional Drug Task Forces (MJDTF) in each of California's 58 counties to combat manufacturing, distribution, and drug sales, pursuant to Public Law in 2005. The MJDTF integrates Federal, State, and/or local law enforcement agencies and prosecutors for the purpose of enhancing interagency coordination and intelligence in the facilitation of multi-jurisdictional investigations.

These MJDTF are cooperative projects involving two or more law enforcement entities having different jurisdictional responsibilities working together as a team to enforce drug laws. The focus of these MJDTFs is on the investigation of mid-level or high-level traffickers of illegal drugs in neighboring jurisdictions and on the prosecution of arrested subjects. Formal agreements are created with all participating agencies agreeing to work as a team when enforcing state and local controlled substances laws.
